Principal’s Report

My staff and I are very pleased with the start to this year - our students are working very well, their behaviour is very good and our attendance rates are encouraging. I will remind parents and carers about attendance, as this is one of our priorities this year. Last year, our overall attendance rate was around 88%, which means a lot of school days were missed by some students. A good guide is that 95% attendance is the minimum.

Every student should be at school every day unless there are very good reasons. Things such as holidays, hair dressing appointments and “birthdays off” are not appropriate excuses and care should be taken to avoid appointments during school time. I understand that sometimes circumstances dictate unavoidable clashes, but each day missing from school causes disadvantage to a student’s education.

I was very pleased to hear that Katherine Hookey, our Indigenous Student Leader, was selected to represent North Queensland in the Constitutional Convention for indigenous students. She had to deliver a speech in Townsville and was one of 3 students selected. She won a notebook computer and a trip to Canberra for the national event. Well done Katherine!

As mentioned last time, we are continuing to push hard with both literacy and numeracy in year 8 and 9. What can parents do? It can be as simple as mental arithmetic while driving to Townsville, or having your child read to you and then you asking questions about what they have read. Every bit helps, and to parents of boys, we really want you especially to work on them as traditionally they are less likely to read on their own volition.

Our school uniform is looking fantastic and the new formal uniform went on display at the Leaders’ Investiture recently. The uniform is a sign of pride in our school and in a practical sense, it makes it very easy for parents. We thank you for your support and I am especially pleased to see the marked increase in black shoes, as this is our preferred colour.

Preparations for the Golden Anniversary continue in earnest and all details of the events are now on our website. Remember to lock in May 9, 10 and 11 as important dates! We have a very unique and wonderful school with such a proud history of achievement and this Golden Anniversary is the perfect opportunity to celebrate everything which has made us what we are. I am extremely proud of this great school and its community and look forward to this event with great anticipation.

On Tuesday 11 March, we will be electing a new P&C executive, including a new president. I will take this opportunity to thank Steve Postma for his outstanding work as President and hope he will continue to play a role in our P&C if work commitments allow. Last year we struggled by without a treasurer, but this year we really need parents and carers to put forward some candidates. The roles are tremendously rewarding and have the important job of putting forward parent and carer opinions and being part of the decision making processes of the school. If you are interested but not sure, I encourage you to discuss this with myself or Steve Postma. In Lord Kitchener’s words “We need you!”.

All the best

Steven Miskin
On Thursday 13 February, parents and friends were audience to a well-executed Leaders’ Investiture ceremony at the Burdekin Memorial Hall. Our students conducted themselves in an exemplary manner and should be proud of the way they represented the school. Special guests included Mayor Lowis and Principals and Student Leaders from the following primary schools; Home Hill State School, St Colmans State School and Osborne State School.

Badges were presented to our Seniors, Student Council Executive and Form Representatives, Indigenous Leader, House Captains, Junior Secondary Captains and finally, School Captains Kimberley Bourke and Reece D’Alessandro. The national anthem was proudly led by Reece D’Alessandro, while Ashley Wood wowed the audience with his cover of Imagine Dragons Demons. At the end of the proceedings, a scrumptious afternoon tea was provided by Mrs Kerr and her year 11 Hospitality students.

Thank you to Miss Nicholson, for the difficult job of organising the ceremony and to all our guests for making the time to come along and be part of the presentations. Your presence was greatly appreciated.
After being postponed by the imminent arrival of Cyclone Dylan, Home Hill High School’s annual Australia Day Ceremony was held on Monday 3 February. The ceremony launched the celebrations of the 50th Anniversary of the opening of Home Hill High School. The ceremony was ably compered by senior students Mackenzie Falco, Reece D’Alessandro and Josh Previtera. Our principal, Mr Steven Miskin spoke of the important world events that occurred in 1964. The two guest speakers reflected on their time at the school in two very different capacities. One of the school’s first student’s Mrs Delphine Baker, entertained the audience with stories of how different school was in the 1960s. It was a time when nearly all students either rode their bike or walked to school and the principal was allowed to carry a cane. Additionally the students were enthralled by former teacher Mrs Karen Marchant as she described how the role of a teacher changed during her 35 year of teaching.

In following with a long held tradition, two students, Kate Neal and Katelyn Shepherd recited Dorothy McKeller’s famous poem, I Love a Sunburnt Country. To finish of the ceremony, year 12 student, Kimberley Bourke presented the school with an original artwork that depicted the theme of the 50th Anniversary of the School. Finally, continuing the Home Hill SHS Australia Day tradition, Craig Becke and Kimba Stott were selected out of a hat to plant the tree with the help of groundsman, Alex Bojack.

Australia Day 2014 Resource Centre Display

Thank you to the students and staff who contributed to and created the Resource Centre/Library Display, celebrating this great country of ours. The display featured all things Aussie from lifesavers, thongs, cricket, backyard BBQs, burgers, flies, the wet season, boxing kangaroo, Indigenous and Islander cultures, Ozemite (the Australian-owned vegemite), Bundy ginger beer, the wildlife, typical Aussie day celebrations, and more! Books by Australian authors, and books about our Australian heritage, were also displayed throughout the Library.
Home Hill High put aside the books for a couple of hours last Tuesday night to celebrate Valentine’s Day at the first disco of the year: “Beauty and the Geek!” This event marked the discovery of a few secret beauties, and countless nerds showed their true colours, too! This year we introduced the Photo Booth, which was a smashing hit thanks to the hard work of Cassie and Sophie Loizou, and Mrs Musumeci. Ice-blocks were also for sale this year which helped to cool down all the party animals! It was a great event to introduce the Grade 8s and all of our new students to the rest of the school community, and a good night was had by all! Congratulations to Jahmal and Eyvonne for receiving the coveted awards of Best Dressed Geek, and Best Dressed Beauty. Big thanks to Mrs Thomas for her devotion in organizing the night. 😉

-Christina Postma, Disco Committee ‘14
Well I can’t believe how fast this year is going. Before we know it, we will be putting up the Christmas tree again. It really has been a great start to the year. I just love meeting all the new grade 8 students and other new students at the school. I love hearing their stories and getting to know them all. The feedback I have got from most year 8 students so far, is that they love high school and the variety it provides. I tell them that the next five years are going to go so fast and before they know it they will be graduating from year 12. When I look at our year 12 students this year, it feels like just yesterday they were new little year 8 students whom I was getting to know.

As well as supporting students through one on one chats, I also run several programs in the school. Most of you would be aware that I have run a free breakfast club at the school for the past 5 years. Well this year, I have changed it to a free lunch club. During second break on a Monday when tuckshop is closed, I provide all students and staff with a free lunch. The lunch alternates from bacon and egg burgers, pancakes, hot savoury mince in bread and a sausage sizzle. So far this year, ‘Lunch Club’ has been a hit with almost three quarters of the students coming along and grabbing something to eat. Lunch Club is a great way to build a caring school environment. Lunch club is made possible because of several Burdekin churches who provide financial support and the Home Hill Bakery who provide the bread. They do this because they value this school and its wonderful students and staff. And while, I am on the topic, if any parents have any eggs or fruit they wish to donate to Lunch Club, it would be greatly appreciated.

The second lunch time program I am currently running is Chappies Chillax room. This term we are doing a Just Dance competition. So far students have loved coming along and having a dance in the lunch break. I must say, we certainly have some very talented grade 8 dancers who have started coming along to Chappies Chillax room. Chappies Chillax room is just a way of providing a fun, structured and safe activity for students to do in the lunch break.

Also this term, I will be running an Anger Management course for male students. This course will be based on several different anger management programs I have been trained in and used over the past 17 years I have been working with youth. Ollie Henaway, our Indigenous Community Worker will also be attending this course to assist me.

In addition to running programs and hanging out with students, my main function at this school is to support students, parents and staff in any way I can. I often get students come to see me because they are upset and need to talk. Sometimes students self-refer and other times, teachers or parents ask me to catch up with a student to see how they are doing. I talk to students about a variety of issues including, anger management, goal setting, peer pressures, bullying issues, self-esteem issues, depression and self-harming behaviours. When dealing with many of these issues with students, I draw on my previous experience doing social work with young people for 11 years, my 6 and a half years as a school chaplain at this school and my Arts Degree in Psychology and Counselling. I must say that I care very much for this school community and its students and greatly value what an awesome school it is. If any parent/carer wishes to talk with me further in regards to their child and ways I can support them, then please do not hesitate to contact me at the school on Mondays, Thursday or Fridays.

God Bless
Chappy Jennie.
Well the year is going by at a rapid pace as we are already half way through the first term. I have been working with the staff in getting programs to run in the school for the students and for the staff. We are also working in with the PCYC in Ayr in establishing these programs.

If anyone would like to talk to me or if they have any concerns or suggestions they can ring me on 470955614 or come in to see me. I have changed my days this term to Tuesday and Wednesday. I would appreciate the feedback from parents and carers.

I received an email regarding some very interesting information regarding cyber safety. I strongly recommend that everyone in your household to watch the short clip on YouTube. It is called “Social Media Experiment by Jack Vale”. It will give you a sense on how easy it is for anyone to get your personal details. It really opened up my eyes on how little we really know.

We are getting into the time of year that we should be looking at getting out Flu vaccinations. If you or your child suffers from any lung complaint, then you should be getting the immunisations. Make this the year that you get on with getting the influenza vaccine. Every year people have complications and some die due to influenza. FACT: To be effective the influenza vaccine needs to be administered every year.

**Healthy Living Tip of the Week**

Do you have high blood pressure? If you answered yes, you may be at risk of developing heart disease and stroke. It is possible to lower blood pressure by making healthy changes to your diet and lifestyle. Important changes to lower blood pressure include eating less salt (sodium), drinking less alcohol, not smoking, participating in regular physical activity, maintaining a healthy weight or reducing weight if overweight.

Talk to you all again soon.

Leah George
School Based Youth Health Nurse

**Sports Department**

Week 6 will see the Burdekin trials for under 19 B/G Soccer (Wednesday 5 March) and NQ Rugby trials (Thursday 6 March). Good luck to those boys who were selected in the team. Keep listening to the notices for times and venue. The third NQ selection cluster will be on 17 March with trials in AFL U15, Hockey U19 B/G, Rugby Union U18 and Soccer U19 B/G.

Don’t forget to come and support the Netballers and Footy boys who play Tuesdays – our next games are on Tuesday 11 March against Bowen at Home Hill SHS. Go the HILL!!!
Year 12 camp was a whirlwind experience. We participated in many activities ranging from trust, leadership, team work and physical exercises. The first day started off with a ferry journey with clear blue skies and fairly calm seas. We arrived, unpacked and then had to show our rescue abilities in our groups. By the end Group D managed to give Mr Scalia some real injuries but all of the “hurt patients” survived. Due to there being no stinger nets up at Picnic Bay we all enjoyed a splash under the sprinklers on the oval. Dinner was followed by P night where the outfits ranged from police to penguin to pre-schoolers, the infamous pineapple head and our very own priest blessing the meal. The leadership activities that night were based on trust and skill with which all groups triumphed.

The next morning some adventurous people went for a morning walk which ended up being a morning hike to the lookout. But the view was well worth it. Breakfast was enjoyed by all before the five groups rotated between the activities polygons, atomic blast, river crossing, spider web and wordles. These activities showed the groups that to succeed we must all work together to accomplish the desired end result. Knowledge which will be essential for the upcoming year to succeed in our last school year. The afternoon proved to test the fitness abilities of some with a 17km bike ride, kayaking and archery. People walked the bikes up the hills and kayaking proved to be a fruitful experience for the few who swam under the jetty instead of staying inside and those who needed to help back into their kayaks.

Night fell and the most anticipated night was upon us, opposite’s night. Guys were freakishly feminine wearing makeup, wigs and a range of female clothing. The girls brought out their inner man growing moustaches, beards and sideburns for the few hours. The third morning commenced with the compulsory morning walk much to the dismay of many; 6 o’clock was not the time to get up, much less do physical exercise. Most of the grade enjoyed holding a wide array of animals at the Koala Park while an adventurous four went scuba diving and some went for a hike. The people who went on the hike proved to be extra brave completing a second walking track due to finishing the first with plenty of time to spare.

The afternoon commenced with leadership activities with Miss Clark and then the committees, their members and chairs were decided upon with Mr Miskin. The final night tested the organisation skills of the groups as we all had to provide an entertaining skit. The ‘Lawnmower’ won first prize with Group D’s interesting acting skills; even Maggie Island Camp co-ordinator Matty G had an interesting night as guest judge. No one went for a morning walk the next morning, instead time was spent cleaning the dorms. We left the camp site by bus and went to Horseshoe bay for some shopping and fish and chips!! The rocky ferry trip home completed the camp with some people choosing the top deck as their seat which resulted in them being soaked. Overall the year 12 Leadership Camp was enjoyed by all and lifelong skills were obtained.
Rain, hail or shine on Friday 21 February 2014, the Home Hill Swimming Pool was swamped by students keen to start the annual swimming carnival. As usual, the 6 house captains chose a theme their house could dress up in. This year Beachmount’s theme was *Bathtime*, Upstart’s was *King Neptune’s Kingdom and the Little Mermaid* and Inkerman’s theme was *Tropical Friday*. The swimming carnival was a massive success with many students participating at their highest level; one record was broken for the day - Congratulations Dana Falco!

After a very rainy and damp day the final points were in and it was said to be one of the closest swimming carnivals in 10 years. Inkerman pulling up the reins in 3rd place with a points total of 463, Beachmount in 2nd place with a score of 708, which leaves Upstart as the winning team with a total of 727 points. Congratulations UPSTART!

We cannot go without thanking one of the most dedicated teachers in the school – Miss Allyce Murphy, without her this day wouldn’t run as smoothly. Therefore on behalf of Home Hill State High School, I and the other house captains would like to give a big thanks to her and the other teachers for making this day as enjoyable as it was. Also, a big thanks go to the managers at the Home Hill Pool – Peter & Sharron and the Home Hill Swimming Club for letting us use their equipment. Mackenzie Falco

The age champions for 2014 were:

- **Boys 13 years** — Callum Ricca (Upstart)
- **Girls 13 years** — Taylor McKaig (Beachmount)
- **Boys 14 years** — Jakson Garner (Beachmount)
- **Girls 14 years** — Kyla Falco/Naomi Loizou (Upstart)
- **Boys 15 years** — Rory Heatley (Beachmount)
- **Girls 15 years** — Dana Falco (Beachmount)
- **Boys 16 years** — Boyd Spalding (Beachmount)
- **Girls 16 years** — Ashleigh Dwyer (Upstart)
- **Boys 17 years** — Josh Previtera (Upstart)
- **Girls 17 years** — Mackenzie Falco (Beachmount)

Dana Falco broke the record for the girls 15 years 50m Butterfly in a time of 32.13. The previous record was 32.26.

This year we are also lucky enough to have the two Falco girls representing North Queensland. Good luck in Brisbane Mackenzie & Dana!
Clean Up Australia Day

Thirty keen and energetic students participated in the local Clean Up Australia Day on March 2. The students did a fantastic job at cleaning several of the streets that branch out from our school as well making certain that there was no rubbish left behind in our beautiful school grounds. As national sponsor of the day, McDonalds donated two food vouchers which were awarded to the students who found the most interesting piece of rubbish. Whilst there were some inspired entries, it was Sophie Arthur’s toy plastic cow and Cameron Basse’s empty, 20 litre Round Up container that took out the prizes. This day was concluded with a well-received pizza morning tea.

Interact Club Meeting

The first official meeting of the Home Hill State High School Interact Club was held on Monday 24 February 2014. Throughout this initial gathering, the 2014 Interact committee led by President and Vice-President Josh Previtera and Reece D’Alessandro, discussed three possible fundraising initiatives for this year. ‘The Five Cent Challenge’ was decided upon and will run for the next six months. This fundraiser requires support from the entire student body/family and community. The money raised goes towards translating English children’s novels to Timorese. This allows the less fortunate children of East Timor to read the basic novels that were recited to the current committee members as young children. The team aim to begin the fundraising as soon as possible.

Also discussed was ‘Operation Christmas Child’, which will most likely occur in Term 4. The committee is eager to put in the last of our effort in our final fundraising challenge. Members will be researching other charities for our term 2/3 fundraiser and it is understood that the next meeting will be held on March 17.
Les ‘Lock n Load’
Sherrington

A student’s perspective by Cameron Basse

Last Thursday Les Sherrington, also known as Lock and Load, visited our school and spoke to some of the boys about how he has grown up and all the difficulties he has had throughout his life. Les spoke about his childhood, his mistakes, and told us to never back down and never give up on what your goals are. Mr Sherrington is a past student of Home Hill State High School, and loves coming back to Home Hill to reminisce on his past schooling and social life. Les ‘Lock and Load’ Sherrington has achieved many goals throughout his boxing career, he is the WBF world Champion, IBF Pan Pacific Champion, WBO Asia Pacific Champion, WBC Asian Boxing Council Champion and is still going strong.

He told us that, "When you’re down on your hands and knees, thinking that you can’t get up or do more for yourself, that’s the exact point you give up. If you have a goal, don’t stand around waiting for it to happen, get up and go out and work hard for it and you will get great results" - Les Sherrington.

I found Les to be very inspirational and I think the other boys did too.

Les ‘Lock n Load’ Sherrington returns to Home Hill High by Lisa Todeschino

Boxing pro, Les Sherrington, returned to the Burdekin to visit schools, meet with fans, supporters and sponsors, and attend the Rock Solid Boxing ‘Clash of the Cane fields’, where he presented trophies.

While at Home Hill High, Les spoke to the year 8A SET class about trying their best at school and answered their questions on his sport and about his abs! He was joined by another former Home Hill High student; sponsor John Bonanno from Sports First, Ayr, for this session.

After lots of photos and handshakes with students and staff during afternoon recess, Les then met with a group of boys from year 9 through to 12. He spoke about the importance of setting goals, good health, fitness, training regimes, school and good attendance; how to stay motivated and positive; that manners and respect for others is still cool and that it takes hard work to achieve dreams and overcome hardships and setbacks. The rewards don’t happen immediately, but it’s worth the effort. His messages included that it’s never too late, and that nice guys don’t always finish last!

Sergeant Andrew Sherrington (no relation) from the Burdekin PCYC, Rugby Union Development Officer Patrick Buchanan and Andrew Hanson, representing Burdekin Cane Toads, also spoke to the group about activities available from their clubs, and the mates you can make for life by giving things ago and getting involved!

Thank you to Mr Scalia for arranging the students and Mr Miskin, Mr Butsworth, Chappie Jennie, and Miss Amanda, Youth Support Co-ordinator, for your attendance. A special thanks to our guests Les, Sergeant Sherrington, Patrick and Andrew for your motivational messages.
2014 *Next Step Survey*

The Queensland Government is conducting its annual state-wide survey of all students who completed year 12 in 2013. The *Next Step* survey is a brief, confidential survey that gains a comprehensive picture of the employment, study and life choices made by Queensland school completers in the year after they finish year 12.

Between March and June, all our students who completed year 12 last year can expect to receive instructions to complete a web-based survey or a telephone call from the Queensland Government Statistician’s Office to complete the survey. Please encourage them to take part. If their contact details have changed, please assist the interviewer with their updated details or forward the survey to their new address so they can participate. Thank you for your support of the *Next Step* survey in 2014.

**Junior Secondary and Astronomy Evening**

On February 25, we had an evening of meeting and greeting of parents and staff, as well as the first astronomy evening for the year. The evening kicked off with a sausage sizzle and a chance for parents and students of year 6, 7 and 8 from the local area to meet the staff and talk about Junior Secondary. We are in full preparation mode for 2015 when year 7 students start at Home Hill SHS for the first time and parents had the opportunity to hear the school’s plans and to ask questions. The evening was very well attended, and current Junior Secondary leaders were involved in the running of the event. Parents were interested in finding out about things such as how year 7 would operate, how “year 7 & 8 only zones” would be established, what curriculum offerings would look like, how sport would be conducted and a range of other issues. Any parents or carers of year 6 and 7 parents who would like more information are welcome to contact the principal.

The evening then transformed into the Astronomy evening where parents and students were able to see the wonders of the universe, courtesy of the newly acquired 20-inch telescope and Mr Rob Black from NQ Astronomy. The telescope has enhanced our school’s ability to explore the wonders of the universe and inspire creative minds. The interest in Science at Home Hill High is intense, with not only astronomy being high on the agenda, but other areas such as rocketry and Science & Engineering developing the future scientists of the world. All in all, the evening was an outstanding and very well attended event.
On Monday 24 February, five year 12 students participated in the 2014 Lions Youth of the Year quest. This year’s participants included Katelyn Shepherd, Mackenzie Falco, Kimberley Bourke, Kate Neal and Reece D’Alessandro.

Throughout the day of competition, each senior student was interviewed by a panel of community representatives at the high school, before delivering a prepared speech and two impromptu speeches in the evening at The Crown Hotel - Home Hill. Prepared speeches included topics such as ‘An Ode to Can,’ ‘Born to Run,’ and even ‘Australian Identity.’ The judges were most impressed by the entrants, commenting that, each entrant had his/her own set of strengths.

Reece D’Alessandro was declared Lions Youth of the Year for 2014 and was named winner of the Public Speaking category. Reece will progress to the next round of the competition which will be held on Saturday March 15.

Calling all residents of Planet Earth...

It’s Lights Out for the Reef

Saturday 29th March, 2014 8:30 PM

Earth Hour is the single largest mass participation event of its kind in the world. And in 2014, Earth Hour will focus attention on one of the world’s most iconic places: Australia’s Great Barrier Reef.

The Great Barrier Reef is under threat from every angle; but most Australians aren’t aware that the Reef is in danger.

Home Hill State High school has yet again been registered to be involved. Tune in to Channel 10 to watch the premiere of a documentary being launched at 8.30pm, before turning out the lights to celebrate our beautiful planet and remind the world that if we do nothing, it’s lights out for the Great Barrier Reef. The special television event will reveal the true story of what’s happening to the Great Barrier Reef due to climate change and more.

The organisers of the fifty best – most original, inspiring, impressive or unique Earth Hour gatherings – will then win a ticket to Camp Earth Hour. (More on that if you register to host.) This is a once-in-a-lifetime experience
where you’ll visit a research station on the Great Barrier Reef, snorkel with turtles and meet the leading experts working to protect our planet from climate change.

There’s a saying in Australia that from little things, big things grow. Earth Hour started right here in Australia, with people like you doing the simple action of turning off your lights for an hour to show you care. It’s now spread to 7001 cities and 152 nations across the globe, inspiring literally billions of people. All of us together can inspire action to solve the climate crisis.

U15 and Open Netball  **UNBEATEN!!!!**

After the first round of the interschool competition both the U15 and the Open teams remain unbeaten.

The U15 girls soundly defeated Ayr High 33/21 in round one followed by an equally good performance against Bowen High, winning 24/12. On Tuesday of this week we played Burdekin Catholic High at home and we won by a very convincing 31/15.

This year we have a lot of girls vying for selection so we have chosen ten girls in each squad. It is a credit to the girls that they performed so successfully even though all ten players were used on the court each game.

Alana Swindley is outstanding in goal attack and is ably supported by year eight student Keely Warcon and Naomi Loizou. Centre court is well commanded by Jacklyn Walters, Andi Gelling, Erin Grimaldeston and Emilee Gibson. Amanda Bourke dominates and controls the defensive end of the court and teams up well with Savannah Cannavan and Mikaylah Wall.

The Open girls won their first round against Ayr High 25/17 followed by a very convincing win of 31/18 against Bowen. Our competition this year will be Burdekin Catholic High school as we had a draw against a very determined BCH team on Tuesday with a score of 26 all.

Centre court was dominated by a determined Kate Neal along with Nicola Williams, Mackenzie Falco and Cassady Howie. Kimberley Bourke displays her great experience as goal defence and is well supported by Cassandra Loizou and Shenead Gelling. In the attack circle Ashleigh Dwyer and Mikayla Warcon have been accurate with shots and well supported by Nicole Hudson.

We look forward to meeting Bowen High school in the next round.
Dear Parents/Carers and Students,

- Preparations for the 2014 Home Hill High School Fete are well underway. In order for the night to be a success we need your help.
- Students in various year levels have been asked to donate items for the fete:
  - Year 8s: Treasure Tray prizes
  - Year 9s: Bottles
  - Year 10s and 11s: Cake Stall - items or ingredients
  - Year 12s: Cent Sale prizes
  - All students: grocery items for the wheelbarrow raffle

- Parental assistance is also required for the smooth running of the fete. We need parental help in a number of areas including:
  - Working on the cake stall
  - Helping prepare salads for the hamburger stall
  - Helping at the BBQ preparing and selling burgers
  - Selling raffle tickets on the night
  - Helping to set up on Friday and clean up on Saturday.

If you are able to assist in any way please contact the school (47905666)

**REMEMBER TO LEAVE FRIDAY 9 MAY FREE**
Come along to the school fete and have a great family night out!
Encourage your family and friends to come along.

SEE YOU AT THE FETE
WANTED!!

Golden Anniversary Display items

School Memorabilia from the last 50 years

- School uniforms
- Sports uniforms
- Senior shirts/ jerseys
- Football jerseys
- Netball uniforms
- School hats
- School bags
- Student Ball and Deb dresses
- Home Hill High Memorabilia
- Badges, trophies
- Report cards, newsletters, student work
- Mannequins to display clothing
- Interesting household/ school items from the last 50 years
- ANZAC Day Ceremony/March photos

PHOTOS

Photos (can also be emailed to hhshs.50years@hotmail.com ) or can be brought to the school as is, on Disc or USB. Please note the year taken, what the photo was for (Eg. 1988 Cricket team), and if possible the names of those present

All items will be treated with utmost care. Valuable items can be stored in a lockable display cabinet during the display. Please deliver items to Home Hill High Office or Resource Centre/ Library, clearly labelled with name, contact details and a year that the item was from. The display will be open during the Fete and the Golden Anniversary celebrations. We look forward to see you there!!

NB Some of the wearable items may be modelled at the Fete and the Golden Anniversary Dinner. Please advise if you prefer this not to happen.

Please contact Lisa Todeschino at school 47905666 for more information.

Scan this QR code to link directly to the Anniversary website page
