From the Principal

School overview

At Home Hill State High School our purpose is to provide students with the knowledge, skills and confidence to maximize their potential, become active informed citizens and lifelong learners in a technological society. Our school motto "The End Crowns the Work" ("Finis Coronat Opus") underpins our core values. These values are also evident in our Code of Behaviour: Common Sense, Courtesy, Consideration, Cooperation and Commitment. Home Hill State High School prides itself on delivering high quality secondary education. In its small rural context, south of the Burdekin River in North Queensland, the school provides quality education to all learners, whether they are students with special needs or students receiving State and National awards. As a result of its focus on student outcomes and flexible pathways, the school has a proud and respected record of student achievement. In the junior school, curriculum variety is offered through a combination of compulsory and elective subject offerings designed to meet the personal requirements of learners. The curriculum is differentiated through the provision of resources, complementary classroom activities, alternative modes of delivery and varied assessment tasks. Throughout the school the learning of students is enhanced by support from specialist teaching staff and integrated curriculum programs targeting literacy and numeracy skills. Multiple curriculum pathways are offered in the senior school despite our relatively small size. Students are provided with a range of Queensland Curriculum & Assessment Authority 'General', 'Applied' and Certificate subject options. There is considerable curriculum depth to allow for personalisation of curriculum choices, for example, we offer multiple English and Mathematics subject options as well as a variety of Science, Humanities, Business, Technology, Physical Education and Arts subjects. Vocational Education and Training is available through the school through a range of Certificates I, II and III courses, on offer through the school or external training organizations. Virtual Schooling and Distance Education programs provide students with the opportunity to study in subject areas not currently offered at a classroom level. The school maintains strong partnerships with the local TAFE, providing further opportunity for students to enrol in the VET in Schools program in a variety of courses. Many students elect to undertake these certificate programs. A number of students choose to begin a school based apprenticeship and traineeship. The school has developed strong partnerships with the business community to provide work experience opportunities to students in years 10 each year. Students at Home Hill State High School have achieved significant success in the Science and Engineering Challenge at both local and state level. Student success in national competitions is significant and highlights the quality of student achievement at our school. In addition to achievements in the academic arena, students at Home Hill State High School are encouraged to pursue success in sporting and cultural endeavours. The school provides opportunities for participation in a variety of individual and team sports, at school, interschool and regional levels. Sports including touch football, netball, cricket, soccer and rugby league attract significant student interest across all year levels. The school's history of success in the sport of netball is noteworthy and reflects a strong partnership with the local association. A range of cultural activities is also afforded to students including the Burdekin Inter-school Drama Festival, public speaking competitions and Lions Youth of the Year Quest. The school secures annual performances by external agencies, for example the Queensland Arts Council, to ensure all students are provided with access to cultural experiences. There is an annual fete, strongly supported by the community. The school conducts a year 12 leadership camp as well as an annual year 9 adventure camp and an overnight year 7 camp. Home Hill State High School is an active member of the local community with wide ranging involvement in community events such as ANZAC Day ceremonies, Relay for Life, Clean-up Australia, Shave for a Cure and Growers' Race Day clean-up. Many of these events are organized by the student council or the Interact Club. At Home Hill State High School we pride ourselves on the work done by staff, students and parents in the school as well as in the wider community.

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	45	54	78
Long suspensions – 11 to 20 days	3	0	4
Exclusions	0	1	1
Cancellations of enrolment	2	3	2

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	75,659	163,865	234,958
Water (kL)	6,458	6,443	6,212

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.

1. The apparent retention rate for Year 10 to Year 12 = the number of full time students in Year 12 expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).
2. *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

Student destinations

The Queensland Department of Education conducts [annual surveys](#) that capture information about the journey of early school leavers and Year 12 leavers from school to further study and employment.

Early school leavers

The destinations of young people who left this school in Year 10, 11 or before completing Year 12 are described below.

Schools work closely with a range of external agencies to support students who left school early.

Our Principal, Deputy Principal, Regional Transitions Officer or Guidance Officer liaises with early school leavers and their parents, providing a service 'beyond the school gate' to assist early leavers make a successful transition to other educational pursuits or employment.

Next Step — Post-school destinations

The results of the 2020 Next Step post-school destinations survey, *Next Step – Post-School Destinations* report (information about students who completed Year 12 in 2019), will be uploaded to this school's website in September 2020.

To maintain privacy and confidentiality of individuals, schools with fewer than five responses will not have a report available.

This school's report will be available at <https://homehillshs.eq.edu.au>.
